

KNOWLEDGE TRANSFER DAIRY PROGRAMME

Actions of the Farm Improvement to be completed in Year 1

An E-Profit Monitor must be completed in year 1 of the Programme. It is completed on the Teagasc Website and the content of the plan is based on the previous production year.

Breeding Plan must be completed in year 1 of the programme. It must be completed on the ICDF website by the facilitator and the participant.

There are 3 elements to Pasturebase and all must be completed over the duration of the Programme.

- Spring rotation planner
- Summer wedge
- Autumn rotation planner

At least one of the three elements must be completed each year. All three components MUST be completed over the duration of the Programme on DAFM FIP system. For compliance purposes, credit will only be given once for completing each component.

The Animal Health & Management Measure must be completed in year 1 of the Programme. The targeted areas are

- Calf Health & Bio security.
- Parasite Control
- Lameness
- Fertility

This must be completed on the DAFM Animal Health Computer System (AHCS) with a DAFM approved Knowledge Transfer Private Veterinary Practitioner.

CallCheck workshop if not completed between 1st January 2015 and 30th June 2015 must be completed within 18 months of entering the programme 30th June 2016 and 31st December 2017.

The Carbon Navigator must be completed in year 1, on Bord Bia website. The participant and a Knowledge Transfer Facilitator must complete this together.

The Farm Health and Safety element of the FIP must be completed in year 1 of the programme on a Farm Work Efficiency Worksheet. The participant and Knowledge Transfer Facilitator must complete this together.

Actions of the Farm Improvement to be completed in Year 2

The E-Profit Monitor must be updated in year 2 of the Programme. It must be completed on the Teagasc website and the content of the plan is based on the previous production year.

Breeding Plan must be updated in year 2 of the programme. It must be completed on the ICDF website by the facilitator and the participant.
